

PLANT LIFECYCLE

Plants grow in a cycle. Read about each step.
Then put the steps in order from 1 to 5.

Cut out the words below. Glue them in the boxes above in the correct order, from 1 to 5.

SEED	FRUIT & SEEDS	SEEDLING	PLANT	SPROUT

Answer the questions.

1. What happens first in the plant life cycle? _____
2. What happens after a sprout grows? _____
3. What do flowers turn into? _____
4. What can happen to the seeds inside the fruit? _____

What do plants need to grow?

Color the things plants need.

Think and Draw!

If you plant a seed today, draw what it might look like in five days.
