

ORGANIC VEGETABLE GARDEN

Grow healthy • Eat fresh • Live naturally

Healthy soil.
Healthy plants.
Happy you!

GOOD SOIL

Build rich, healthy soil with compost and organic matter.

PLANT DIVERSITY

Mix vegetables, herbs and flowers to support a balanced garden.

NATURAL PEST CONTROL

Companion plants like marigolds, nasturtiums and herbs help keep pests away.

WATER WISELY

Water deeply and consistently. Early morning is best.

HARVEST OFTEN

Pick regularly to enjoy fresh, flavorful produce all season long!

Garden with nature. Harvest with joy. ♥
