

A vibrant, cartoon-style illustration. At the top center is a large, bright yellow sun with a smiling face, closed eyes, and rosy cheeks. It has several short, straight rays emanating from it. To the left of the sun is a large, fluffy white cloud with soft blue shading on its underside. Several blue raindrops of varying sizes are falling from the cloud. In the lower right foreground, there is a wooden birdhouse with a brown roof, a chimney, and a circular entrance hole. To the left of the birdhouse are two flowers: a yellow one and a pink one, both with green stems and leaves. The entire scene is set against a plain white background.
